She had given some thought about trying lesbian sex, but it never went beyond a thought. Until that night...

A couple of weeks ago some friends of mine all got together and compared stories about college, seeing that we all had just graduated. My friend Donna had some weed that her brother had just given her and we decided to make a night of it, all of us girls just staying over and spending the night just like we were still in school.

There were four of us and we had been friends for about ten years. We did not see too much of each other while we were in school since we all went in different directions. Except for Maryanne and Janice, they went to the same school and were roommates for the whole four years.

I guess I was a little naive about what these girls were doing, but I don't know if I would have cared since they were still dear friends. And whatever they did was fine with me as long as they didn't try to do it to me.

Donna's brother was nice enough to roll some joints for us and Donna had picked up some wine. We started to drink and Janice lit up one of the joints. We were all laughing at the

stories about guys and the teachers we had, then we started to ask about different guys that we used to date in high school. A couple of them were married but that was easy to tell—even in school these guys were destined for the altar.

One guy I use to date had dated Donna in school. "You must have taught him well," she said, "because that guy could really eat pussy." At first I was a little embarrassed but she was laughing and I started to laugh. The weed was great and it was already starting to take effect.

Maryanne started talking about another guy that she and Donna had both dated and how they spent the first night. They were both trying to figure out whether her bra undid in the front or the back; instead it came over her head. We all started to laugh again and my side was beginning to ache. The conversation had taken a turn in as much as we were all talking about dudes we had been with and how well-hung they were and how they could perform.

After about two hours of this we, were all feeling no pain. We felt very good and we were just lying back and laughing at each other. Then Donna said something that shocked me, "I have always wondered, has anyone ever made it with another chick?"

I was in shock, and Maryanne and Janice just looked at each other and said nothing. Donna broke the silence by revealing that she had had a lesbian experience just before she left school. "My roommate and I had both been out on a date and we had gotten pretty high, drinking and smoking. When we got back to the guys' dorm room we were all kind of wasted but the guys kept on drinking.

"They started to make advances to us, it seemed like just another night of going out, getting high, coming back, going to bed, fucking, and then going home. This night was a little different. When Ben and I had gone into the bedroom to get more comfortable, he lay down on the bed and passed out. This was a drag because I was in the mood to get fucked, if you know what I mean.

I felt dumb because I thought Marcy and Dave were probably getting it on by now and here I was sitting here with a log. I thought if I started to diddle myself maybe he would wake up and take over. I was wrong; he continued sleeping and I was too fed up to enjoy myself.

"After another 40 minutes I decided to go out and see if they were still going at it, or if I could sneak out. I opened the door and, to my surprise, Marcy was sitting there playing with herself. Dave, like Ben, had passed out. Marcy looked up startled, and by the look on my face, we knew that we were in the same situation.

"We both got ourselves together and went back to our room. Once we got home I lit up another joint and we sat around smoking and talking about how these guys just didn't make the cut. Half the time we were left unsatisfied, and had to come home to play with ourselves to get any kind of relief. We had opened another bottle of wine and were just talking about sex and smoking weed.

"With all the weed and wine we had, and then disappointment, I felt as if I wanted to go to bed so that I could bring myself off. Marcy looked at the bottle of wine and said that maybe she would sleep with it tonight. I kiddingly said that since I had brought it should be mine. I guess we were both a little out of it because Marcy looked at me and said all right, if she could watch. Without even thinking I agreed and off we went to my bedroom.

"When we got to the door I realized what we were doing and I started to think about it. Marcy must have

where she learned how to do that. I didn't know where to put my hands so I just started to feel her up like she was doing to me. I tried to put myself in her place and do the things that I found turned me on. I took off her blouse as she did mine, always kissing and touching. Marcy slid her jeans off and told me to do the same. We got under the covers and started to hug. It was like we were meant to do this our whole lives.

"It felt as if her hands were everywhere and when they touched my clit, I felt as if I would hit the ceiling. She started

sensed my hesitation because she grabbed my hand and sat me on the bed, telling me that there is nothing wrong in a little mutual fondling and that she was only kidding about the bottle; but as long as we were both frustrated, why not bring each other off?

"I was feeling too high to argue and I told her I didn't know what to do and I was afraid that it might make me sick. She just moved a little closer and started to hold me. Without even thinking I rested my head on her shoulder. Marcy started by brushing my hair and telling me how pretty she thought I was and that those guys were crazy not to make it with two hot chicks like us.

"One thing led to another and soon she was undoing the top of my blouse and she started kissing my neck. It was dark and I was very high and I guess I just lost track of everything. Marcy seemed to know every part of my body that would turn me on. By the time she had gotten my bra off I was so hot I thought I would die. I didn't know

kissing my nipples and working her way from one to another and then down over my belly to the mound between my legs.

"I began to touch her in the same way as she was doing to me. She had turned so that I could have access to her pussy, which was as wet as mine. Seeing that this was all so new to me, I just probed and explored to see what it was like and my fear of being sick never happened. Instead, I became so hot I was begging her to give me some relief and she did by planting her mouth over my cunt.

"Ben was not the first guy to go down on me and yet it felt as if no one ever knew what they were doing compared to Marcy. My feet felt as if they were being turned on and Marcy's tongue moved from my outer lips to my clit, down my thighs to just above my knee then back to my cunt. All this time I was trying to control my moaning, while trying to explore her body. I was grabbing at her breasts and inserting two fingers into her pussy.

"At this point she had turned and

straddled my body so that I was staring right into her cunt. At first I was a little turned off, then I was too high and feeling too good not to try, so I raised myself on the pillows and started kissing her cunt. She stopped for a second and told me it was beautiful and just do what she was doing, which wasn't easy because I could feel an orgasm building and I was losing control.

"When the first of many orgasms hit me I just held on, and decided that I couldn't hold in the screams any longer. I buried my face deep into her cunt and stuck my tongue as far up inside her as

I could reach. This was all she needed to come off and, for a moment I had forgotten what we were doing and all I could think of was pleasing Marcy.

"We kept going at it until the next morning and, at the end we both felt as drained as we had ever been. I don't think it changed me into a lezzie, but there is something to be said for getting it on with another chick."

Well, I didn't care how high I was; this conversation was still shocking to me and it still did not prepare me for what would be happening that night. Maryanne and Janice looked at each other, then at me and Donna, and came out and told us that they had been lesbian lovers for some years. I turned out that they were very much in love with each other, and that they both still enjoyed guys once in a while but they found that they could please each other more.

If I wasn't so high I might have said something that I would be sorry for later. Donna said that she was very happy for them and, knowing what that experience felt like she was sure they must be in ecstasy during their

lovemaking. Somewhere I felt that this conversation was going to take a turn that I was going to feel very uncomfortable about.

Donna started to ask questions that made the feeling even stronger. My mind started to race and I started to think of all the questions I would like to ask. I felt as if this whole thing was very strange, but I became very interested in what was being said. I think I had all the questions and none of the answers.

After all, here were my three best friends, all of them had had sex with other women, and two of them were doing it all the time. Donna asked if they had ever used a dildo or vibrator. They said yes but not all the time, they mostly started out the same as anyone else, holding each other when they got turned on and starting from there. Listening to them almost made it all sound very romantic.

I guess my upbringing began to get the better of me and I began to reject the thought of what it would be like to make love to, or be made love to, by another woman. I think Donna

thought of turning this night into something else other than old girlfriends just getting together for some laughs, as she continued asking Maryanne and Janice some very personal questions. One half of me was embarrassed while the other half was dying to be just a little curious about what these friends, with the same background, were doing screwing with each other and just how beautiful it was.

I have to admit that I had given it some thought about trying it with another girl. It seemed somewhat interesting but it never went beyond

a thought. Donna asked if they ever bang guys anymore, and their reply was only once in a while. Janice had lit up another joint and started to pass it around then asked if either of us wanted to partake.

The weed was some of the best I had ever had and I was sort of hoping, in the back of my mind, if any of these girls found me attractive and what it would be like to be intimate with them. I mean, I had seen them all naked at some point or another in gym or while we were trying on each other's clothes.

Donna had reached over to get the joint from Maryanne. It looked to me as Janice had brushed Donna's breasts as she bent over. It looked as if Donna and Maryanne were kissing and I was just sitting back and letting the weed take over my body and make me lose my inhibitions.

When they both broke loose, they fell back and Janice told me it was my turn; she would kiss me if I would like, and before I could say anything she had moved so that she was sitting next to me on the couch. The

thought of getting kissed by Janice was doing strange things to my head. As we moved closer, both of us being well endowed, our breasts started to touch. It seemed as though electric shocks had gone up my spine and she moved closer so that our lips were touching.

Janice's eyes were closed and I was staring at her. Maryanne and Donna were sitting there watching us. Then Janice picked up the joint and took a deep hit and moved to Donna, sort of kissed her and they were passing smoke to each other, never breaking their embrace. I began

to feel very high and sort of fell back from Janice.

Janice had stayed with me and after taking a big hit like Maryanne, she moved in on me and started kissing me, forcing smoke into my mouth and lungs. I was still staring at her when she closed her eyes again; I cannot explain the feelings that were running through my body. I began to feel that familiar moistness between my legs.

Janice was wearing a very exotic fragrance and it was making me feel heady. We kept passing the smoke between us until Janice started to slip her tongue. I think my first reaction was to sit back and enjoy it, and then I opened my eyes to see what the others were doing and got the surprise of my life.

Maryanne and Donna were still kissing, and Maryanne had her hand on Donna's breast. Janice opened her eyes to look at my surprised face and whispered that everything is okay and if I wanted her to stop, she would. I don't think I can blame it all on the weed, but I had no defense why I should stop this feeling. After all, I was

not going to become a lesbo and my friends didn't look like they had done any suffering from having tried the gay experience.

Janice relit the joint and took another deep drag then started to pass the smoke into my mouth again. This time I opened my mouth more and when her tongue started to dart out it had met mine, and together we rolled our tongues around, playing in one mouth and then moving over to the other. I had rested my head on her shoulder, and she started to kiss my face and work her way down to my neck then up and around my ear, and finally back to my mouth were she would take the smoke back to her lungs.

I heard some movement and opened my eyes to see Donna getting up to shut off the light. When my eyes adjusted to the dark I could make out the form of Donna as she slowly undressed in front of Maryanne, who was rubbing her hands over Donna's body. I was beginning to feel as if Janice was setting little fires on my body.

My breasts were aching to be held

and touched, and I guess Janice knew it as her hands were unbuttoning my blouse and undoing my bra. She kept whispering that both she and Maryanne had fantasized making love to the two of us, and how she always thought I was the most beautiful out of the four of us.

I didn't know what to do with my hands and I felt funny with them just sitting in my lap. They wanted to touch something. Janice helped me out by taking hold of one of my hands and placing it on her breast. At first I didn't know what to do and I was going to take it off be-

fore I made a fool of myself, but Janice kept working on my breasts and I felt I would just do the same. Janice held onto my breast and lowered her head until she had my nipple in her mouth. She was playing with it with her soft tongue, until I thought I would wet myself.

We turned so that we were both lying on the couch; both of us had removed our tops and our bare breasts were touching. Janice started to rub her body against mine, her hands running over my back and between my thighs. When we finally removed our jeans and panties, I was very wet. Janice kept gently inserting her fingers into me until I came off in a moaning orgasm. All this time the sound of Donna and Maryanne was loud in our ears. We tried many positions that night and since that time when we got together, we repeat the fun.

In fact, Maryanne and Janice have just picked up a bottle of wine, and we're getting together tonight.

Just writing this is making me very horny and I'm looking forward to what's instore for me tonight.

I said, "Come fuck me, please!" Her voluptuous boobs and soft, moist pussy make Natasha one sexy, hot babe. But it's her fabulous body that she likes to shake around town. "I never thought of myself as hot, until I started emphasizing my boobs. Then men came out of the woodwork hitting on me. Turns out they really are men magnets.

The dark-skinned girl entered the apartment tentatively. She wore a white gown that hung loosely from her svelte body, exposing long, slim legs all the way up to her ass; the cleavage of her ample breasts was tantalizingly visible.

She stood by the door, her hands down by her sides and resting lightly on her thighs. Through the powerful eye of my telescope I could see her speaking to the man who was in the room with her, but I had no idea what she was saying.

The man was large, his shoulders a formidable width. He sat on the bed wearing only a pair of briefs. His leg muscles bulged.

I didn't know either the man or his well-tanned girlfriend. What they would do in the apartment was also a mystery. It was that suspense that had my cock pulsing in my pants as I watched from my apartment across the street.

It was nighttime. They had no idea that I was watching them, spying on their sexual activities as I had spied on countless others.

The man pointed with his meaty hand. He told the girl something. She opened her mouth, as if to protest, but stopped. Her fingers crawled lightly down the front of her gown. She lightly grasped her gown's hem and lifted it slowly up her legs.

My mouth felt dry while watching as her tanned legs were bared. She held the loose ends of the gown around her waist; her pussy was naked and exposed now. It was a glorious, tight triangle of hairless flesh.

The man gestured again. The girl slipped her fingers between her legs and she stroked the length of her slit and stopped. The man threw out his arm as though instructing her.

The girl's hand pressed more deliberately over her cunt as she stroked herself. Her fingers then disappeared into the folds of her labia. She turned all the fingers into the palm of her hand except for her fuck finger; she stuck the middle finger into her cunt and pumped it.

A visible pleasure seemed to

be building up. Her finger pushed more intently into her cunt. She closed her eyes; her back arched, her naked ass was thrust outward from her spine.

As I watched the girl masturbate for her man, I felt the urge to come filling my loins. My dick was overcome with excitement. I could feel my arousal causing my blood to pump, throbbing through the length of my manhood.

I reached between my legs and unzipped my pants. I stroked my cock through my underwear as I continued to watch the girl. Not knowing what was coming next increased the sexual tension. The greater the suspense, the greater the orgasm.

the wall now. Her legs were spread as both hands worked over her pussy—digging, pinching, pressing herself toward an orgasm. The long gown had fallen from its secured position behind the girl's neck. Her small breasts were as tanned as the rest of her

We were all waiting, wanting—the girl, the guy—and me. My hands shook; my grip on the telescope became unsteady. Perspiration seeped between my fingers and around the metal telescope. My stroking hand lay still on my hard, throbbing dick.

stopped. He released the girl; holding his four fingers up to her face, he made her lick her own juices. One by one he slipped his thick, wet fingers into her mouth and made her suck them until the last taste of her flowing excitement had been licked off.

The girl, breathless from his pumping fingers, managed a smile as she sucked her juices from his skin. When she was through, they each spoke without moving. A satisfied expression came over the girl's face. She nodded; whatever he had proposed, she was accepting. Their game was continuing.

The weight of my cock had lightened as they'd spoken but now, knowing that more was to come, a renewed pulse beat heavily in my dick. My fingers ran a tight circle around my cockhead. I continued to tremble with sexual tension.

The man took the girl gently to the bed. Once they'd neared the unmade mattress, however, he threw her roughly down onto the sheets. He held her ankles and lifted her legs up, resting her feet on his biceps. He pulled down his briefs. A massive erection sprung toward the spread pussy waiting for him. His cock was at least eight inches long and four inches around.

He lowered his loins to meet the girl's abdomen. His cock pressed against her pubis, feeling for her hole. Finding it, he pumped his long, thick cock into her cunt in a single, strong thrust. The girl must have screamed in ecstasy. Her mouth broke open, her facial muscles straining. Her hands grabbed hold of the sheets as she pounded the mattress.

Almost instantly the girl glis-

body. Her nipples were hard and drawn into tight, small circles.

Then the man rose from the bed and approached the girl, still wearing his briefs. The muscles across his back looked like they were made of steel. His large hands took hold of the girl's tits. He squeezed them and she cringed. Her mouth opened as her eyes winced shut.

The man then pulled the girl's hands from her crotch and threw her arms into an outstretched position, pinning them against the pale white wall. Then he kicked her ankles wide apart.

When the gown fell down around her legs, the man ripped it off and threw it on the floor. Her neck arched back as she stared at him, his muscular arms poised. He remained still, ready to pounce.

Quickly the man pressed the fingers of his right hand together and thrust them into the naked girl's pussy. Her arms came down from the wall, trying to pull his fucking fingers from her vagina, but his heavy forearm pressed her shoulders back against the wall, incapacitating her upper body. Her legs flailed with equal ineffectiveness.

His fingers kept fucking and fucking, banging in and out of her cunt. I could see his posture tensing; his excitement was sending him near the edge. He would soon do something else to the girl, something harsher. I grabbed a firm hold around my dick, keeping my eye focused through the telescope that was screwed into the tripod.

Then the finger-fucking

tened with sweat; she was panting. Her hands came up to the man's chest, trying to slow his pace, possibly hoping he'd stop, but all of her efforts failed to interrupt his fierce fucking. He seemed bent on banging the girl with wild abandon.

The man pulled his cock out and the girl seemed to collapse, as though a steel rod that had connected her head to her thighs had just been removed. Her eyes rolled back in her head in pleasure. Then his fingers pulled apart the crack of her ass as his cock found the entrance to her asshole and plunged in.

His stamina was relentless. His erection rode her asshole in stiff pumps. The girl turned her face sideways. I could see her expression: she looked as though she was flying. The man knew how to overwhelm her sexually. She begged him not to stop. That part of the game was over. Now she was ready to come. Her hands went between her legs.

She lifted her ass, giving her fingers more room to frig herself while allowing her lover a better angle to fuck her ass. She stroked herself tensely.

He grabbed her hips and forced his entire cock into her asshole. She panted; her tiny pink tongue ran across her dry lips. Her whole body surged up and down on the bed. Now she seemed to be screaming "Yes, yes, YES!" as an orgasm ripped through her being.

Her orgasm had barely subsided when the man pulled his cock from her ass and knelt on the bed. Wiping off his member, he then spread his knees over her upper body, leaned forward and rubbed his cock over the girl's parted lips.

She hungrily licked his dick once and sucked it into her wanton mouth, making her tongue work saliva all over him. His hands

kept pumping her head back and forth, working in rhythm as she continued to suck his cock. She sucked down as much of his length as she could handle – and he did it again and again.

The girl continued to devour his dick, not even when his fucking cock reached the back of her

She had one hand on her pussy and the other was stroking her saliva onto his cock. Half of his cock was still in her mouth. Her sucking lips worked quickly, hungrily, as though starved for the meat of his hard-on.

One hand pumped hard into her pussy, the other gripped his

throat and gagged her. The girl's hands were between her legs again, massaging her cunt to a second orgasm. There was no finesse to her masturbating; she just gripped her cunt with both hands and viciously pressed her clit

My cock was jerking just from watching them. I had to touch myself. I had to come! Watching them had gotten me as excited as I'd ever been.

I yanked my cock from my underwear and pumped it dry. There was already a thick bead of semen on my cockhead. I jerked on my cock, still holding an unsteady eye up to the telescope.

The man across the street supported his weight with his arms against the wall at the head of the bed. His hands no longer held the girl's head.

cock. She opened her mouth to take his cum on her tongue. Thick rushes of his white cream shot over her lips. I could see the spasms in her throat when she swallowed the seemingly endless blasts of cum that spewed from his huge prick.

I lost hold of my telescope as my hand pumped my cock raw. The room seemed to spin as my wad burst from my cock and splashed on the floor.

The strength of an orgasm brought on by voyeuristic delights is superb. The secretiveness of it all, the suspense – not knowing what you'll see, not knowing what will happen – it all adds to the pleasure than runs through my cock whenever I'm fortunate enough to catch someone having sex. I just keep watching and coming. It gets better all the time.

I'm anxious to have Steve over tonight. I'm a little nervous because last night I promised him that I would give him the blow job of his life, and then I said after a good pussy fuck, he could fuck me in my ass. A couple reasons I would say that... The wine was talking, and I was feeling pretty horny last night. No matter, my ass is ready.
